Red Crystal Chandelier by Lolli Memmoli

Prepare to be dazzled by Ugolino - a fantastic red crystal chandelier by Lolli Memmoli. Yes folks, red crystal - what can be more dramatic than that? The crystals hang from a circular frame and seem to be woven together like fabric. Light bounces and seeps through this amazing structure, creating an atmosphere filled with splendor. Lolli Memmoli are pretty famous for their striking lighting designs. Their chandeliers are probably better defined as architectural lighting projects. Every product is meticulously made by hand, so each item is a distinct representation of the original design. Perfect for those who appreciate quality and uniqueness.
