

## LOLLI e MEMMOLI

當傳統的枝型吊燈逐漸被鹵素燈和投射燈所取代後，曾是室內主角的水晶吊燈逐漸式微。義大利建築師Ivan Lolli和Mario Memmoli 發現要尋找到適合現代空間使用的水晶吊燈愈來愈不容易，於是在1993年成立工作室，專門研究及設計適合現代空間的水晶吊燈。他們對傳統水晶工藝中燈的形式與功能重新詮釋，將全新的設計理念融入其產品，同時繼承了義大利傳統手工的高超技藝。兩人設計的第一件作品威尼斯水晶吊燈就挑戰了當時90年代主流的極簡風潮，奔放不拘的水晶切工和色彩多變的組合，讓空間呈現出令人驚艷的折射效果，也確立了Lolli e Memmoli獨特的風格形象。

Lolli e Memmoli可說是水晶燈界中熾手可熱的明星，無論在Moschino和 Escada 全球旗艦店裡，在皇家奧林匹克郵輪上，還是布達佩斯的四季酒店，巴塞隆納的Hotel Des Arts，鹿特丹紐約酒店，摩洛哥的Hotel Rijad Enja都可以見到Lolli e Memmoli耀眼燦爛的燈光演繹。

The brand Lolli e Memmoli, created in 1993 by the Architects Ivan Lolli and Mario Memmoli, gave a new interpretation of the crystal chandelier, giving it a contemporary feel, through constant design, research and technical innovation.

The collection is sophisticated and exclusive, distinguished by a contemporary form of deconstructionism applied to the shape of the classic baroque chandelier. Lolli e Memmoli deconstruct and reinterpret its sinuous arms and curvy lines, creating essential and neat geometries that succeed in enriching and expanding the light source thanks to the clever gradual stratification of several layers of Bohemian-cut Venetian crystals. The palette is very wide and is updated every year with new purpose-made shadings and tonalities.

Every single item in the collection is made in Italy in Lolli e Memmoli studio located in Milan; like any original work of art all Lolli e Memmoli creations come with a badge proving its authenticity. The collection is handmade and each piece is a one-off item, a piece in which crystals are assembled in a unique architecture of order and disorder: a skillfully balanced blend for a striking and exciting final effect.

The collection is constantly shown in some of the most important fashion and lifestyles magazines around the world, internationally recognized as a sign of quality and excellence with a unique product focused on enhancing the inner beauty of our homes.

Using experience gained over 16 years Lolli e Memmoli have been able to create a design icon in crystal chandeliers which has become an inspiration to many other brands.
