LOLLI E MEMMOLI'S CRYSTAL LIGHTS: A CELEBRATION OF ELEGANCE AND BEAUTY 2015-04-29

Today, around the world, there is an unprecedented level of interest focused on the magnificent crystal lights produced by Lolli e Memmoli in Milan.

Whether in the form of resplendent chandeliers, ceiling or wall lights, Lolli e Memmoli's products are in strong demand on the international markets.

Combining a sense of pure forms and sophisticated style with highest quality materials, Lolli e Memmoli's lights are shining examples of an elegant design that not only delights but also withstands fads and fashions.

After renovating their showroom in Milan earlier this year, Lolli e Memmoli put up, in collaboration with artist Christian Balzano, a masterfully staged display of their work. This exhibition titled "I flood myself with light of the immense" was inaugurated concomitant with this year's Milan Salone and will remain open to the public until the 30th October 2015.

If you are in Milan, where better to spend an enchanting moment than in Lolli e Memmoli's showroom, located at Via Vivarini 7?
