June 29, 2015

(Italy) - Taking place from 17th June to 3rd July 2015 Lancôme hosts Lolli e Memmoli to illuminate Maison Lancôme in Milan.

This year the project is dedicated to the 80th anniversary of the brand and it takes place during Expo in Milan at Fondazione Riccardo Catella. Lolli e Memmoli crystal lamps decorate rooms with an ethereal light that guides the visitors through the most important moments of 80 years of history devoted to female beauty.

*Two sparkling Caifa chandeliers enlighten the most famous testimonial of the French brand.*

*As a suspended ring in the air, Ugolino system circular introduces visitors with its reflections of light blue and grey cyanite to the retrospective for the Lancôme 80th anniversary.*

*Aires floor and table lamp welcome guests on the lower level of Maison Lancôme. The Aires lampshade made by a soft mesh of crystal hooked to each other multiplies light to infinity.*
