Lolli e Memmoli celebrate 25 years of Light

March 28, 2018

(Italy) – Lolli e Memmoli marks its 25th anniversary with a showroom exhibition during Salone del Mobile in Milan.

During Salone del Mobile in Milan, Lolli e Memmoli will present an exhibition, celebrating 25 Years of lighting in its Milan showroom.

Since the companies first project, Ugolino, Lolli e Memmoli have defined a new way of handling light in a continuous reference between large traditional chandeliers and experimental design. Without any supporting backbone, crystal drops are set free in a harmonious, revealing a game of light multiplied by the infinite sparkle of crystal purity. Thanks to an innovative and exclusive coupling and fixing system, the drops are linked together in a technical and stylistic deconstructivism.

The exhibition will run from Monday 16th – Sunday 22nd April 2018 10 a.m. – 8 p.m.
