JOURNEY TO EXCELLENCE

BY MELANIE EARLEY LIVING 13 MARCH 2018

## PURPLE REIGN: THE COLOUR THAT'S TAKING OVER LIVING ROOMS

With Ultraviolet taking the crown as Pantone's colour of the year for 2018, we revel in this moody, vibrant hue. Reminiscent of royalty, lush tones of amethyst and violet find their form in statement velvet and luxurious textiles. Accents of tanzanite hued glass and bohemian accents add to the free-spirited feel.
